**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies of the City of Baraboo, Wisconsin Tax Incremental District No. 12 (the District) conform to accounting principles as applicable to governmental units as defined by Wisconsin Statutes Section 66.1105.

The City of Baraboo, Wisconsin uses the criteria set forth by the Governmental Accounting Standards Board to determine the scope of the reporting entity of Tax Incremental District No. 12. The accompanying financial statements reflect all the significant operations of the City of Baraboo, Wisconsin Tax Incremental District No. 12.

**A. Description of Fund Structure**

The report contains the financial information of the City of Baraboo, Wisconsin Tax Incremental District No. 12. The summary statements were prepared from data recorded in the following funds:

- Capital Projects TID Fund No. 12

Detailed descriptions of the purpose of these funds and long-term debt can be found in the City of Baraboo, Wisconsin basic financial statements.

The data was consolidated for purposes of this report. Therefore, the amounts shown in the accompanying statements will not directly correlate with amounts shown in the basic financial statements of the City of Baraboo, Wisconsin.

The District was created under the provisions of Wisconsin Statute Section 66.1105. The purpose of that section is to allow a municipality to recover development and improvements costs in a designated area from the property taxes generated on the increased value of the property after the creation date of the District. The tax on the increased value is called a tax increment.

With respect to the District, the statutes allow the municipality to collect tax increments until the net project cost has been fully recovered, or until the end of the maximum life of the District, as specified and allowed under state statute, whichever occurs first. Project costs uncollected at the dissolution date are absorbed by the City of Baraboo, Wisconsin.

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**A. Description of Fund Structure (Continued)**

Project costs may not be incurred longer than five years prior to the termination date of the District. The statutes allow the municipality to collect tax increments until the net project costs have been fully recovered or maximum life based on the resolution date and type of district, whichever occurs first. Project costs uncollected at the dissolution date are absorbed by the municipality.

	<u>Creation Date</u>	<u>Last Date to Incur Project Costs</u>	<u>Final Dissolution Date</u>
TID No. 12	June 8, 2021	June 8, 2036	2041

The project plans, on file in the office of the city clerk-treasurer detail the proposed projects, the estimated years of construction or site acquisition, and the estimated costs of the individual project components.

**B. Basis of Accounting**

Under the modified basis of accounting, revenues are recognized only to the extent that they are susceptible to accrual, which means when they become both measurable and available to finance expenditures of the fiscal period. Revenue is considered to be available when it is collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. If accrued revenue is not yet available, the related receivable is matched by a deferred inflow of resources for unavailable revenue and revenue recognition occurs only when the revenue eventually does become available. Project costs, other than interest on long-term debt, are recorded when the related fund liability is incurred.

District increments are recorded as revenue in the year due. Intergovernmental aids and grants are recognized as revenues in the period the related expenditures are incurred, if applicable, or when the City is entitled to the aids.

Other general revenues are recognized when received in cash or when measurable and available under the criteria described above.

(SEE ACCOUNTANTS' COMPILATION REPORT)**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**C. Use of Estimates**

The preparation of financial statements in conformity with regulatory basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

**D. Measurement Focus**

The measurement focus of all governmental funds is the funds flow concept. Under the funds flow concept, sources and uses of financial resources, including capital outlays, debt proceeds, and debt retirements are reflected in operations. Resources not available to finance expenditures and commitments of the current periods are recognized as deferred inflows of resources or a reservation of fund balance. Liabilities for claims, judgements, compensated absences, and pension contributions which will not be currently liquidated using expendable available financial resources are shown in the long-term debt footnote disclosure. The related expenditures are recognized when the liabilities are liquidated.

**E. Project Plan Budget**

The estimated revenues and expenditures of the District are adopted in the project plan. Those estimates are for the entire life of the District and may not be comparable to interim results presented in this report.

**F. Long-Term Debt**

Short-term liabilities are recorded as fund liabilities. All other long-term liabilities are shown in the long-term debt footnote disclosure.

Proceeds of long-term debt issues not recorded as fund liabilities are reflected as "Sources of Funds" in the operating settlement of the recipient fund. Retirement of these issues is reported as an expenditure in the year in which the debt matures or is repaid, whichever is earlier.

**G. Claims and Judgements**

Claims and judgements are recorded as liabilities if all the conditions of Governmental Accounting Standards Board pronouncements are met. Claims and judgements that would normally be liquidated with expendable available financial resources are recorded during the year as expenditures in the governmental funds. If they are not liquidated with expendable available financial resources, a liability is shown in the long-term debt footnote disclosure. The related expenditure is recognized when the liability is liquidated.

**NOTE 2 CASH AND TEMPORARY INVESTMENTS**

The District invests their funds in accordance with the provisions of the Wisconsin State Statutes 66.0603(lm) and 67.11(2).

The District, as a fund of the City, maintains separate and common cash and investment accounts at the same financial institutions utilized by the City. Federal depository insurance and the State of Wisconsin Guarantee Fund insurance apply to the City of Baraboo, Wisconsin as an individual municipality and, accordingly, the amount insured funds is not determinable for the District.

**NOTE 3 GENERAL OBLIGATION DEBT**

All general obligation notes payable are backed by the full faith and credit of the City. Notes borrowed to finance the District's expenditures will be retired by tax increments accumulated by the debt service fund. If those revenues are not sufficient, payments will be made by future tax levies.

Governmental Activities General Obligation Debt	Date of Issue	Interest Rates	Date of Maturity	Original Indebtedness	Balance 12/31/2022
Note Anticipation Note*	04/28/22	2.150%	04/28/27	\$ 5,000,000	\$ 3,022,146
					<u>\$ 3,022,146</u>

\*Debt issue is a direct borrowing or direct placement

The Note Anticipation Note has a maturity date of April 28, 2027. The balance of the Note Anticipation Note at December 31, 2022 is \$3,022,146. The note carries an interest rate of 2.15%, with interest payable April 28 and October 28 annually.

**NOTE 4 ADVANCES FROM OTHER FUNDS**

The City's general fund is advancing funds to TID No. 12. No repayment schedules have been determined for the advances. The balance as of December 31, 2022, is as follows:

	Amount
Advance from:	
General Fund	\$ 80,282
Total	<u>\$ 80,282</u>
