KEITH ST	O-P, 6				
KRISTA CT	G, 11-12				

On-Street Parking Restrictions

All streets within the city limits have a 24-hour parking restriction year-round.

Wintertime alternate-side parking regulations go into effect on October 1 of each year to April 15th. These regulations require that vehicles parked on the street between the hours of 1:00 a.m. and 6:00 a.m. be parked on the even-numbered side of the street on even-numbered dates and on the odd-numbered side of the street on odd-numbered dates.

Motorists should remember that the rule is in effect only during the early morning hours--when parking in the evening, park on the appropriate side for the following day's date.

MAP SCALE: 1 GRID SQUARE = 1000 FEET
