# MEMORANDUM

City of Baraboo

Date: August 27, 2021  
To: Public Safety Committee  
From: Tom Pinion  
Re: Background for the August 30<sup>th</sup>, meeting @ **1:00 pm** – **City Services Center**

## ACTION ITEMS:

**Item A.** The City received a “complaint” from a neighborhood resident on Algonquin about the cars parked on the east side of Draper Street, immediately south of Algonquin impairing visibility for westbound cars on Algonquin at Draper Street. The photo on the left is an aerial photo (9-13-2017) identifying the location of the area of concern.

**Item B.** The south side of 2<sup>nd</sup> Street immediately west of Rosaline usually has vehicles parked bumper to bumper on school days, especially during both the morning and afternoon “rush hours”. This condition compromises visibility as well as pedestrian safety. The photo on the right is an aerial photo identifying the location of the area of concern.

**Item C.** Please refer to Wade’s Memo for the background information for this agenda item.

**Item D.** Included in the packet is each Department’s a list of prospective capital projects and purchases that are planned for 2022 for the Committee’s review and comment.

**Item E.** This is the standing agenda item to review and approve monthly utility billing adjustments. The adjustments for July and August 2021 are included in the packet.

## INFORMATION ITEMS:

**Item A.** The owner of a 4-unit apartment building on 3<sup>rd</sup> Street recently requested City collection for refuse and recycling for his tenants. Following is an excerpt from Chapter 11 of our Code of Ordinances:

Residential Collection. The City shall cause the collection of **garbage, refuse, and recyclables** within the boundaries of the City from the following types of buildings:

1. Single- and Two- Family Residences. Single- and two- family residences, including any single- and two-family residences that are occupied by the owner who also operates a business on the premises, such as a home occupation

The owner is requesting a “special exception” since each of his four units are only occupied by one tenant. I bring this to the Committee attention to see if there is any desire to modify the existing ordinance. If collection is expanded to commercial properties (>2-unit residential buildings and/or businesses), it would require specialized equipment for dumpster collection.

See you Monday at **1:00 PM !**

## Minutes of the Public Safety Committee Meeting – July 26, 2021

**Members Present:** Phil Wedekind, Tom Kolb and Mike Plautz. **Others Present:** Tom Pinion, Mark Schauf, Kevin Stieve, Tony Gilman, Kris Jackson, and Cole Jacquin.

Chairman Kolb congratulated Phil Wedekind for stepping down as Chairman of the PSC after numerous years.

**Call to Order** - Committee Tom Kolb called the meeting to order at 1:00 P.M. at Baraboo City Service Center. Compliance with the Open Meeting Law was noted. It was moved by Wedekind, seconded by Plautz to approve the agenda as posted. Motion carried unanimously. It was moved by Wedekind, seconded by Plautz to approve the minutes of the June 14, 2021 meeting. Motion carried unanimously.

### Action Items

- a. Consider request for a second driveway to the existing Automit Soft Cloth Car Wash, located at 1015 8<sup>th</sup> Street, by Corey Noltner, d/b/a Double C Enterprise, LLC – Pinion stated that the new owners of Automit would like to acquire a driveway onto 9<sup>th</sup> Street. Kolb said from a public safety standpoint it makes sense. It was moved by Wedekind seconded by Plautz to approve the request for a second driveway as requested. Motion carried unanimously.
- b. Review and recommendation to approve the Proposal for Building Demolition & Disposal at 1606 8<sup>th</sup> Street – Pinion said that the pre-development agreed passed by Council earlier included the authority for staff to take the appropriate measures to make it development. Therefore, in full disclosure an RFP was requested from four different contractors, three submitted RFPs, Beaver Services, Robinson Brothers Environmental, and Dean Blum Excavating. Beaver Services was the low bid of \$22,400, Robinson Brothers \$22,800, and Dean Blum Excavating 26,870. Casey, City Administrator directed him to notify Beaver Services that they can begin work as scheduled on August 2. Moved by Wedekind, seconded by Plautz to approve low proposal of Beaver Services, Inc. Motion carried unanimously.
- c. Review and recommendation to revise the City’s Official Fee Schedule to add a fee for CPR Training – Chief Stieve presented the background for this request. He said the Fire Department, along with EMS has certified instructors and has started to offer CPR training to the public. He said \$50 is comparable to what other agencies charge for the training, and it covers all related costs. It was moved by Wedekind, seconded by Plautz to recommend revising the City’s Official Fee Schedule to add a fee for CPR Training. Motion carried unanimously.
- d. Review and recommendation on Fire Department’s proposal to create a new Paid-On-Premise Firefighter program with a corresponding position description – Chief Stieve said in order to offer another option for providing personnel for fire department staffing, he is requesting to start a Paid-on-Premise Firefighter Program. He said the personnel for this live outside of the required area to be a Paid-per-Call Firefighter. The program would allow staffing at the fire department during select hours and allows us to get other required duties completed. Stieve said that select person would be required to be scheduled a set number of hours per month and attend one training a month. Stieve said that originally, an Intern program was planned, but potential requirements for extended benefits and the cost of those benefits would prove too costly. It was moved by Plautz, seconded by Wedekind to approve the Fire Department’s proposal to create a new Paid-On-Premise Firefighter program with a corresponding position description and forward to Council with a positive recommendation. Motion carried unanimously.
- e. Review and approval of monthly Billing Adjustments/Credits for Sewer and Water Customers for June 2021 – It was moved by Wedekind, seconded by Plautz to approve the monthly Billing Adjustments/Credits for June 2021. Motion carried unanimously.

### Information Items

#### Reports

- a. Utility Superintendent’s Report
  - i. Staffing Updates – Pinion said that Jessica Wilcox, Billing Technician has taken another job in Sun Prairie and her replacement begins on Monday, August 2.
  - ii. Project Updates – The 4<sup>th</sup> Ave. water main replacement project in underway from West to Summit Street. The other street reconstruction project involving water main replacement on 7<sup>th</sup> Street, from Oak to Ash will begin in a couple of weeks.
- b. Street Superintendent’s Report

- i. Staffing Updates – Nothing to report.
  - ii. Monthly Report on Public Works Department activities – Due to the storm on the 14<sup>th</sup>, the brush site has been opened until the end of the month. Kolb complimented the department on the storm cleanup. Gilman said that everyone was wonderful to work with.
  - iii. Project Updates – Gilman said three out of the five alley are completed.
- c. Police Chief's Report
- i. Staffing Update – Nothing to report.
  - ii. Case Response Update – Chief Schauf explained the reports and was willing to answer questions from the Committee. Schauf said that the fair went very well this year. He said the Fourth of July was very busy, well attended, nothing other than traffic issues. He said that Sauk County is not going to be using transport deputies, so transport for mental commitments will be on the department. Schauf said that they have seen an upswing in younger drivers fleeing traffic stops.
- d. Fire Chief's Report
- i. Monthly Incident Report – Stieve said the monthly incident report would be in the Council packet.
  - ii. Building Remodel Update – No update.
  - iii. Department updates – Stieve said that the night of the storm went very well, all departments worked well together. Stieve said that there is no update on the Operation Study yet. He said that the Burger King owners allowed the department do some training in the old Golden Buffet.
  - iv. Staffing updates – Stieve said that a couple of new people coming, two paid on-call and paid on premise. He said this would bring the department up to 34 with one still missing from military deployment from a few years ago.

Pinion said that it is budget time and in the absence of a Finance Director, things are delayed. He said that this is the meeting that capital projects for the next year are discussed He said that the treasurer would like these items before the next scheduled meeting. Pinion said he would like to meet on Monday, August 16.

Kolb said that the he and Pinion discussed having Public Hearings and Public Invited To Speak added to the Call to Order section of the agenda. He said that he would like to talk to the Mayor and Casey regarding this and would like Wedekind and Plautz to think about it and possibly insert it on the next agenda.

**AJOURNMENT** – It was moved by Kolb, seconded by Plautz to adjourn at 1:37 p.m. Motion carried.

Respectfully submitted,

Tom Kolb, Chairman

MEMORANDUM FOR Mr. Wade Peterson, Baraboo Water Works, 450 Roundhouse Court, Baraboo, WI 53913

SUBJECT: Request for Per- and Polyfluoroalkyl Substances (PFAS) Sampling Data from Finished Drinking Water Provided to Military Installations by non-Department of Defense Drinking Water Purveyors

1. On 23 July 2020 the Department of Defense (DoD) issued a Policy on monitoring for PFAS at military installations where drinking water is provided by a non-DoD purveyor. As part of the DoD's PFAS strategy to ensure drinking water provided to our installation consumers does not contain Perfluorooctane sulfonate (PFOS)/perfluorooctanoic acid (PFOA) above 70 parts per trillion for either compound or combined total, the Wisconsin National Guard is requesting that the Baraboo Armory provide all finished drinking water sampling data for PFAS to the Wisconsin Army National Guard Construction and Facilities Management Office (CFMO) Environmental Department within 30 days from the date of this letter.
2. If no PFAS sampling data is available or previous sampling data is greater than one year old and showed detections of PFAS above the method reporting limit, the Wisconsin National Guard is requesting Baraboo Water Works conduct sampling for PFAS in the finished drinking water that is provided to the Wisconsin National Guard Baraboo Armory using the approved Environmental Protection Agency (EPA) Method 537.1, and provide those results to Wisconsin National Guard CFMO Environmental Department within 90 days from the date of this letter.
3. Once the results of sample analyses are received, the Wisconsin National Guard requests the opportunity to discuss future actions and sampling of finished drinking water for PFAS with Baraboo Water Works to ensure the health and safety of consumers. Thank you for your careful consideration and attention to this matter as the Army and Department of Defense work to ensure safe water for military personnel and community members at our facilities.
4. Please direct all questions and send results to: Theresa Brandabur, Water Resources Manager, CFMO Environmental Department, P.O. Box 14587, Madison, WI 53708, 608-242-3653, or [theresa.brandabur@wisconsin.gov](mailto:theresa.brandabur@wisconsin.gov).

Re: August 2021 Agenda

**Old Business:**

None

**New Business:**

Authorize the Water Superintendent to negotiate the annual fee for two connections from the City's water distribution system to the Village of West Baraboo's water distribution system.

**Reports:**

**Water Interconnection Agreement** - On 24 Aug I met with the Village of West Baraboo's Public Works Director, Jeremy Conley, and Village Engineer, Matt Morrow, to discuss a proposed Intergovernmental Agreement to provide two metered emergency connections from the Baraboo's water distribution system to the Village of West Baraboo's water distribution system; one located on Berkley Blvd near the City's westerly City Limits and one on 8th Avenue (STH 33) near the City's westerly City Limits. The use of these connections would be limited only to times that the Village's well and/or storage reservoir is/are out of service. The proposed Intergovernmental Agreement would replace the existing agreement we have that is set to expire on 18 Sep 2021 and has no provision for renewal. For that matter, the original agreement did not provide any compensation to the City for providing the emergency connections.

At a staff level, we have tentatively agreed on the framework and language for a new Agreement. West Baraboo recognizes that these emergency connections benefit the Village and initially suggested an annual payment to the City in the amount of \$1,300. Wade counter offered with an annual payment in the amount of \$5,000 with a 1% annual increase. The Agreement would be between the Village of West Baraboo and the City of Baraboo, and according to the Village's attorney, the Public Service Commission would have no authority to regulate this arrangement since it does not directly involve payment from the Village's Water Utility or to the City's Water Utility.

**PFAS Testing of Water System** – We received a request from the Wisconsin National Guard (Baraboo Armory) to test our water system for PFAS. (See attached letter). The estimate from the lab is \$3,500 - \$4,000. The Armory's daily water usage averages 80 gallons. I replied to the Guard that the Utility has no plans to perform any PFAS testing.

**Project Update** – The water main and lead services for the 4<sup>th</sup> Ave and 7<sup>th</sup> St reconstruction projects will be completed by 27 Aug.
